

Bhanu Sesa Sai Chalamalasetti

Full Stack Developer | React.js | Node.js | JavaScript

+91-7416239635 | bhanuseshasai95@gmail.com | **LinkedIn:** linkedin.com/in/bhanu-sesha-sai | **GitHub:** github.com/bhanuxai | Eluru, Andhra Pradesh, India

PROFESSIONAL SUMMARY

Software Engineering student pursuing a B.Tech in Computer Science (Artificial Intelligence & Machine Learning) with experience developing responsive full-stack web applications using React.js, JavaScript, Node.js, Express.js, Flask, REST APIs, and modern frontend technologies. Passionate about building clean, user-centric interfaces, integrating scalable backend services, and delivering high-performance web applications. Strong foundation in data structures, object-oriented programming, database management, software engineering, cloud deployment, and collaborative development using Git.

SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Responsive Web Design

Backend: Node.js, Express.js, Flask, FastAPI, REST APIs

Databases: MongoDB, MySQL, Firebase Firestore

Programming Languages: Python, JavaScript, Java, C++, C

Core CS: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks

Tools & Platforms: Git, GitHub, Docker, Linux, Firebase, Vercel, Render, CI/CD, Jupyter Notebook, Google Colab, Visual Studio Code

Machine Learning: NumPy, Pandas, Scikit-learn, TensorFlow, PyTorch, OpenCV, Generative AI

PROFESSIONAL EXPERIENCE

Machine Learning Intern | SoftGrowTech (Remote)

Jul 2026 – Present

- Developed end-to-end web-based machine learning applications using **Python, Flask, REST APIs, and Git**, delivering data-driven solutions with clean and modular architecture.
- Built and integrated backend services, automated data processing workflows, and collaborated using software engineering best practices to deliver multiple projects on schedule.

Python Development Intern | Navodita (Remote)

Jun 2024 – Aug 2024

- Developed modular Python applications and automation scripts, improving code reusability and streamlining repetitive workflows through object-oriented programming principles.
- Collaborated with mentors to debug, test, and document software modules while ensuring timely delivery and maintainable code quality.

PROJECTS

Clutch

[GitHub](#) | [Live](#)

Tech Stack: React, TypeScript, Node.js, Express.js, Google Gemini API

- Developed an AI-powered productivity platform using **React, Node.js, and Express.js**, featuring responsive UI, secure REST APIs, and intelligent task management.
- Integrated Google Gemini API for personalized planning and deployed the application using modern cloud platforms with a modular full-stack architecture.

Apeiron

[GitHub](#) | [Live](#)

Tech Stack: React, Vite, JavaScript, Tailwind CSS

- Built a premium AI SaaS landing page with **React, Vite, and Tailwind CSS**, delivering a fully responsive interface with smooth animations and reusable UI components.
- Optimized user experience through modern design practices, fast page rendering, and clean component-based architecture.

Parallax Storytelling

[GitHub](#) | [Live](#)

Tech Stack: React, JavaScript, CSS

- Developed an interactive storytelling website featuring advanced parallax scrolling, smooth animations, and responsive layouts for an engaging user experience.
- Implemented reusable frontend components and performance-optimized scrolling effects to ensure seamless interaction across devices.

EDUCATION

Lovely Professional University

Phagwara, Punjab

B.Tech in Computer Science & Engineering (Artificial Intelligence & Machine Learning)

Expected Graduation: 2028 | **CGPA:** 7.57 / 10

LEADERSHIP & POSITIONS OF RESPONSIBILITY

Class Representative (CR) | Lovely Professional University

Jan 2026 – Jun 2026

- Coordinated academic schedules, announcements, and section activities for over 60 students while serving as the primary communication bridge between faculty and students.
- Organized class-level academic coordination, ensuring timely updates and efficient resolution of student concerns.

Veteran Ambassador | Techfest IIT Bombay

May 2026 – Present

- Selected as a Veteran Ambassador for Techfest IIT Bombay 2026–27 to promote innovation and technical engagement on campus.
- Conducted outreach initiatives to encourage student participation in technology events and competitions.
